

INTERNATIONAL SOCIETY  
FOR DISEASE SURVEILLANCE

# International Society for Disease Surveillance

## National Syndromic Surveillance Program Community of Practice (NSSP CoP)

August 3, 2016

# Overview

- Three-year cooperative agreement to develop, implement and maintain a CoP for the NSSP
- Foster and facilitate knowledge sharing and collaborations to enhance syndromic surveillance capacity
- <http://www.cdc.gov/nssp/news.html#COP>
- <http://www.syndromic.org/news>

# Year 1 Highlights

- Establish NSSP CoP Steering Committee
- Establish and maintain a searchable knowledge repository and content management system
- Support CoP workgroups
- Needs assessment to identify gaps
- Develop and deliver trainings, technical assistance and knowledge sharing events
- Document and disseminate success stories
- Peer-to-peer support and expert-to-apprentice mentoring

# Questions / Comments

- Stay tuned to <http://www.syndromic.org/>
