

Kansas Infectious Disease Symposium

May 9-10, 2017

Marriott Kansas City Overland Park Overland Park, Kansas

Join leaders in public health, emergency response, preparedness and healthcare to learn how highly infectious disease outbreaks are contained and managed in the state of Kansas. Network with local, state and federal partners to share Kansas-specific information on how to plan for disease outbreaks and maintain readiness in your jurisdiction.

WHO SHOULD ATTEND

Public Health, Healthcare Leaders and Providers, Emergency Management, First Responders, Healthcare Coalitions, Elected Officials and other Stakeholders

PRESENTATION TOPICS

- Category A Agents and Epidemiology
- Federal, State and Local Response to Infectious Diseases
- Logistics and Emergency Management Coordination
- Paramedic and Law Enforcement Response
- Isolation and Quarantine Law
- Pandemic Preparedness
- Transporting Infectious Disease Materials in Kansas

There is no cost to attend the two-day Symposium. Continuing Education credits will be offered. Attendees are responsible for their own travel and lodging expenses.
